

DYSPHAGIA PINEAPPLE UPSIDE DOWN CAKE

METHOD

1. Place sponge into a food blender and blend to a fine crumb. Add the custard and yogurt to make a puree. Check against descriptor C check list to ensure it passed, if there are any bits or it is not the correct consistency blend or adjust as needed. Place in a piping bag.
2. Blend the pineapple then pass through a sieve to ensure all bits are removed. Add the Nutricia Clear and leave for 2 minutes, check constancy against check list. Add more Nutricia if it is not thick enough. Place in piping bag.
3. Blend the pie filling then pass through a sieve to ensure all skin and bits are removed. Add the Nutricia Clear leave for 2 minutes check constancy against check list. Add more Nutricia if needed. Place into a piping bag.
4. Serve in clear glasses or bowls place sponge in the bottom then pipe a ring of piped pineapple puree on top and garnishing with cherry puree.
