We offer an extensive range of services for Healthcare, Education, Hospitality & Workplace caterers

Healthcare Sector

Nutrition and hydration are a huge priority on health and social care agendas. However, eating and drinking means so much more than just providing nutrients.

Mealtimes are also very much about the social aspects and, for many people in hospitals and care homes, they are the highlight of their day.

Catering for patients and residents with very specific medical and dietary needs can be a challenge and we have the nutritional know-how to help inspire and aid your menu planning. Our dysphagia training days, for example, have proved a huge success in helping care chefs to create visually appetising meals.

We have an extensive range of Dysphagia recipes in 'GET COOKING' on our website to support your menus.

Education Sector

We have an in depth understanding of catering managers and chefs' needs across all educational establishments and scales. Working closely with our education customers, we help them deliver against budget and objectives and most importantly, overcome catering challenges without compromising on product quality or eating experience.

Whether schools need to maximise catering budgets by improving portion control and reducing wastage, or design menus for allergen sufferers, our team are ready to help.

We have a large selection of Low Salt recipes in 'GET COOKING' on our website to support your menus.

Hospitality Sector

Our comprehensive own branded Country Range product offering as well as your favourite items from leading manufacturers means that we have your essential catering products covered. Plus, we're always on the look out for innovative products and concepts to help you and your teams to keep your customers coming back time and time and again.

Meet four rather savoury characters

Due to popular demand, our new Mayonnaise, created using free range eggs and a little Dijon mustard, has been added to our savoury condiment range. Each is

made in small batches in our nut-free factory, and is entirely free from artificial colours, flavours and preservatives. Add a little Tiptree magic to your plate!

The Tiptree logo, featuring the word 'Tiptree' in a stylized, cursive red font with a small tree icon integrated into the letter 'i'.
